# SIMON WEAVER

**I think Saturday was a very important win for us as a group. We are about to embark on a busy couple of weeks of football and we do so with confidence.**

Last time out we went away to face MK Dons which is always going to be a tough task but for me, it was one which our players stood up to well.

It took us 15 minutes or so to get into the game which can happen. However, the important thing was that we stopped ourselves from falling behind. Mark Oxley produced some big saves to keep the scores level and was pleased with the way that the lads regrouped on the back of that and sprung into action.

From there, we started to pass the ball well and play to our strengths. The speed of our attack means we will always have opportunities to hurt teams on the counter attack and Saturday was no different.

Having watched the game back I do think we can improve our product in front of goal. We are getting into dangerous areas but the exciting thing is that we still have scope to improve in the weeks and months ahead.

MK Dons are a really good side, they have just come down from the league above and come the end of the season you'd expect them to be right up there. It's testament to the quality we have that we actually managed to shake them up a bit once we got going.

Here today, Wimbledon are another side of the highest quality. They themselves are just off the back of a really impressive result at the weekend, and like us, confidence will be high.

I am really looking forward to this tight contest today and of course I would like to extend a warm welcome to the players, officials and supporters of Wimbledon.

There is no doubt that we have been building to this level of performance over the last month, however, the challenge now is not only to maintain those levels but to build on them.

There is no doubt about it, having Josh March fit and available for selection brings an added buzz around the place every day. He is a big personality off the field, however, on it, he'll do whatever it takes to win. He knows where the back of the net is and you can see how desperate he is to get back scoring.

**The feelings have been really positive over the last couple of weeks. Of course, the wins have been great, but even in the games leading up to Salford and MK Dons we have gone into them with the belief knowing that we are capable of picking up a positive result.**

I think it's natural to focus on the back-to-back wins, but for us as players, it's all about doing the right things, and with that in mind, we have been desperate to get into the habit of constantly hitting those levels of performance every week.

We have done that in a number of different ways. We were really good against Salford but against MK Dons we went away to a difficult venue and put in a really gritty performance.

I was really pleased with the way we went from back to front with quick, crisp and direct passing. For me, I think we could have possibly been two or three up by half time.

When you go away from home it's important that you show some decisive and cut-throat football and I am delighted our performance was rewarded with three points.

We have a really good foundation to build on in the weeks and months to come. That starts right from Mark Oxley through to the back four and the two in front with Levi and I. We are constantly reacting and trying to frustrate the opposition and we have managed to do that well.

We have a lot of pace and a lot of quality within our front line, now the goals have started to come but the exciting thing for us is that if we tidy up a little and work on improving our finishing touches then we are capable of adding more goals to our game.

You can see the quality have all across the 11, everyone who comes in knows exactly what they

have to do in order to have an impact on the game. It's a seamless change and I think that improves the confidence across the group.

However, that game has now been firmly moved to the side. From Sunday, we have been focusing on carrying on the level of performance into our match against Wimbledon.

They will be in a similar position to us, they are full of confidence and that result at the weekend shows what they are capable of. We have to make sure that we take care of our own game.

We have been working hard to make sure we recover well and are in a position to kick on. We can't allow Wimbledon to come here and play and hopefully with the way we're building we can give the home fans a performance to cheer for.

## **A WORD FROM HAMILTON MATTOCK... OUR FAN ENGAGEMENT MANAGER**

Welcome to tonight's game against AFC Wimbledon, and a big warm welcome to 1st Pannal Scouts Group who will be attending tonight's game! A step in the right direction.

Just a quick note on Nottingham Forest who have made significant progress off the pitch by launching a Fan Engagement Plan. This initiative is in line with the Premier League's newly introduced Fan Engagement Standard, and it deserves applause for its potential impact on the club's relationship with its supporters.

The introduction of the plan marks a significant stride forward in how Nottingham Forest consults and engages with its supporters. Through structured dialogue, the club aims to address a wide range of off field matters and topics of great importance to its fans. This move reflects the club's commitment to enhancing the overall experience for each and every supporter.

In the world of football, fans are the lifeblood of the sport. Their passion, dedication, and unwavering support create an atmosphere that makes the game truly special. Without fans, football loses its essence and becomes just another sporting event.

The Fan Engagement Plan is a genuine commitment to involving supporters in the club's affairs, let's hope other Clubs follow and embrace the fans voices.

*WITH ANOTHER ACTION  
PACKED TRANSFER  
WINDOW DRAWING  
TO A CLOSE, HEAD OF  
PLAYER RECRUITMENT  
LLOYD KERRY BELIEVES  
THE SIDE HAVE REASON  
FOR OPTIMISM IN THE  
SEASON AHEAD...*

*INTERVIEW BY NICKOLAS MCINALLY*

**Kerry said: "I think we have a really strong squad. Right across the board there is competition for places which is what we wanted to build at the start of the summer."**

"The lads are starting to build their understanding of each other, coming in you can see those connections are building and I think we are in a really good place."

With both Matty Daly and Matty Foulds making their loan spells permanent, Kerry is pleased that the club have managed to build on improvements made in the January transfer window.

"Last January was a great window for us. We strengthened in a number of key areas and our form from then showed just where we were at. The experience of guys like Anthony O'Connor, Tom Eastman and Levi Sutton was mixed with characters like Kazeem Olaigbe and it blended well.

"Coming into this window, we wanted to keep key players like Matty Foulds, Matty Daly and Tom Eastman. Thankfully we managed to get two of the those over the line, but unfortunately with Easty, it just didn't happen.

"We expressed our interest and did everything we could to bring him back here. However, he has a family and kids who are in school so there was a lot of things to be taken in to consideration.

"We always knew that it was going to be difficult, we were always preparing for in case it didn't happen and thankfully we managed to bring in a top quality replacement in Rod McDonald."

While pleased with the calibre of our new signings, Kerry admits the timing of our business could not have been any better.

"Part of my job is to plan ahead. I am always looking at who is out of contract, who could help improve the squad and then it's all about identifying targets as early as possible.

"From there, we can make approaches to agents and players because we are always looking to get deals done quickly. That is something which definitely worked in our favour over the course of the summer."

With summer signing Matty Daly shining in our last home match against Salford, Town's recruitment chief believes this performance is a sign of things to come in the yellow & black.

"I think Matty is a really important signing for us. He proved last season with his eight goals that

he can score goals at this level. Already this season, he has picked up a couple of assists and you can see that he is an intelligent footballer.

"When the opportunity came to sign him

permanently we moved quickly. We have given him the opportunity to play and you can see he is enjoying his football. In our last home match against Salford, you could see the quality which he possesses and hopefully now he can kick on."

Looking back at this time last season, Kerry believes the improvement is clear.

"I think we have a stronger squad than we had this time last season. We have more options across the pitch and the competition for places is great. I also think we have a good mixture of experience at this level alongside some promising talents who look really exciting.

"At left-back, we lost Jahiem Headley in January after Huddersfield recalled him. We had to bring a left-back in and Matty Foulds became available. He is a really good player and as a staff we really like his qualities.

***I THINK WE HAVE A REALLY STRONG SQUAD. RIGHT ACROSS THE BOARD THERE IS COMPETITION FOR PLACES WHICH IS WHAT WE WANTED TO BUILD AT THE START OF THE SUMMER.***

“He was part of a really solid back four during the second half of last season and when we had the opportunity to make it permanent it just made sense. Of course, we have Liam Gibson who can play in there too but having that calibre of competition bodes well for the season ahead.”

Speaking further on the addition of Liam Gibson, the former Town midfielder said: “There was a lot of interest in Liam. We knew of clubs at our level who were keen but there was also clubs at the level above who wanted him. Location wise I think it played into our hands, he is a North East lad but he was also impressed by the vision of the club which the management had.

“We are all really pleased to have him in. He has shown his quality since the start of the season and I think he will be a really good player for us moving forward.”

With a resolute backline in the final months of last season, Kerry has revealed that the club were keen to build on that in the current campaign.

“We identified players who we thought who could carry that defensive solidity on moving forward and so far I think we are showing signs that this group can do that.

“That’s my job and I make a list of potential players to do that and with Rod we signed a player who had just won the Player of the Year award with Crewe last season.

“We knew exactly what we were getting in terms of ability. Off the pitch, he is a clear leader which is what we wanted to bring in. We are absolutely delighted to have him, as soon as we knew that he was keen to join the whole process moved quickly and thankfully he joined us.”

With the club adding several experienced players in the early weeks of the transfer window, Kerry believes this strong start allowed the club to continue to improve.

**COMING INTO THIS WINDOW, WE WANTED TO KEEP KEY PLAYERS LIKE MATTY FOULDS, MATTY DALY AND TOM EASTMAN. THANKFULLY WE MANAGED TO GET TWO OF THOSE OVER THE LINE, BUT UNFORTUNATELY WITH EASTY, IT JUST DIDN'T HAPPEN.**

“We knew the positions we needed to fill and the players who we wanted to do that. I think it helped to get a couple of experienced lads in early. Looking elsewhere, I believe that helped us to attract more good players because they could see that we were serious in what we were trying to do.

“Someone like Dean Cornelius, we watched a lot of footage on him. I went to Scotland to watch him play in person so when we had the chance to get him in, we had to move quickly. Dean wanted an opportunity in England so I think we were a good fit for each other.”

With Cornelius being recruited from North of the border, Town’s Head of Recruitment has hinted that this could be a market which will be further explored in the future.

“We do look across a number of leagues. We knew that we wanted to add someone in that position and having come across Dean he ticked all those boxes. He has good energy,

he gets around the pitch well and has leadership qualities.

“For me, that is a market we have to look into and I would say Scotland is an area which we will look at more often moving forward.”

Town’s recruitment drive continued with the likes of James Daly and Lewis Thomas being added to our ranks in quick succession. These are players who Kerry holds high hopes for.

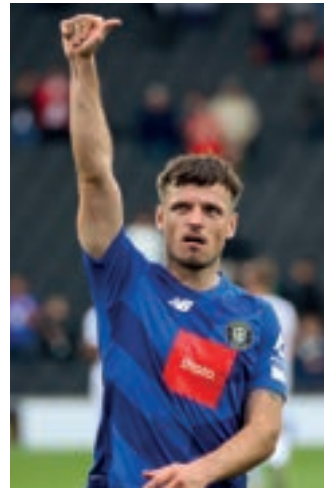

“We had Lewis training with us at the back end of last season and he really impressed us. He is a big lad and has a lot of really good attributes. He has to buy his time because Mark Oxley is doing really well at this point but we feel he has real potential.

“James is another player who we watched closely last season. We watched him on a number of occasions and liked what we saw. He is quick, direct and has an unbelievable work rate. Looking at all his qualities he was definitely a Harrogate Town type of player.

**ABRAHAM TAKES PLAYERS ON, HE GETS FANS OUT THEIR SEAT AND EXCITES SO TO BRING HIM IN PERMANENTLY IS A BIG BOOST FOR US.**

Those qualities are ones which can be utilised in League Two. He adds to the healthy competition in the attacking positions. Like the rest of the forwards, he knows that he has to be bang on it when he plays or someone will take his place."

With Abraham Odoh joining from recently relegated Rochdale, Kerry admits that he was pleased by what he saw in difficult circumstances.

"We knew Kazeem probably wouldn't be coming back. Heading into the summer we wanted to add that type of player to the group. Abraham takes players on, he gets fans out their seat and excites so to bring him in permanently is a big boost for us.

"Abraham has a lot of ability and always stood out when we watched him for Rochdale. He played in a team which was low on confidence but he was always looking for the ball. We were impressed by the fact that he was always looking to make things happen and when he became available we wanted to bring him to

the football club. We feel like we can develop him as a player. We want to give him the confidence to kick on and you can see from his goal against Salford that he is starting to do that."

With only one of the club's signings joining on loan, the former Town midfielder believes the club are in a stronger position to improve.

"Naturally, I think there comes a point where you hope that a group of players can stay together. We have been able to do that by bringing in players on permanent deals. Last year I think we had too many loans and now we only have one. Of course, we want to build a squad which can gel and be settled moving forward. Signing permanent players allows us to do that as we keep moving forward."

The club's final two transfers were completed on a busy deadline day as we looked set to lose Luke Armstrong. With this in mind, Josh March and Jeremey Sivi were added

to the attacking ranks and Town's recruitment chief believes these additions leave Town with a high quality attacking line-up.

"The situation with Luke was well documented, it wasn't until the final day of the window that our valuation for him was matched. From there, we had to see what was out there in terms of quality which was difficult because he is one of the best strikers in League Two.

"Josh March is someone who we knew well, Jeremey Sivi is one who we had watched for a long time so we were really happy with those signings. Circumstances dictate that Luke is still with us and we now have a really strong attacking line-up which we are looking forward to seeing in action."

While the current window may have just closed, the former Town midfielder has revealed that work is already underway to prepare for the January transfer window.

"I am still getting out there, watching players and trying to plan for the next two transfer windows. You're always looking at players in every position to see how they could develop.

"We will see where we are at around Christmas, make a list of areas where we could potentially improve and from there look to move when the window opens."

# BACK IN TIME SEASON 1947/48

TOWN'S CLUB HISTORIAN  
PHIL HARRISON LOOKS BACK  
AT ANOTHER BIG GAMES  
FROM THE ARCHIVES...

After the War Harrogate Hotspurs, the new 'Town team', joined the West Yorkshire League Senior Division, and were allowed to continue playing at Wetherby Road. 1947/48 was their last season known as Hotspurs as they became known as Harrogate Town for 1948/49 because the title 'Hotspurs' gave no indication to other teams that they were meeting the senior club in Harrogate.

For season 1947/48, after three successive league wins for the 'Spurs', they enjoyed another big win in the West Yorkshire League Cup when they trounced Leeds University 8-3 on Saturday 31 January 1948. Goalscorers that day were Les Liggins with a hat-trick, two from Maurice Hardy and further goals from George Smith, Jackie Hewitt and Geoff Lund.

#### Town's team v Leeds University:

Craven, Belchier, Rostron, Faulkner, Lund, Atha, G. Smith, Hewitt, Liggins, Hardy, Wrathall.

The league form from January until the end of the season saw Spurs defeated only twice in their remaining 11 games to finish fourth of 14 teams whilst they also won the Whitworth Cup (the local senior cup) beating Christ Church Old Boys 3-1 in the final at Wetherby Road in front of a crowd of 3,000. Maurice Hardy was top scorer that season with 23 goals from 25 matches.

#### DID YOU KNOW THAT:

George Smith scored the first ever Hotspurs goal in the 1946/47 season in an opening day 2-1 defeat to Leeds U.Y.M.I. at Wetherby Road. Les Liggins scored 47 goals from 29 games that season, still a club record today.

Jack Bray grabbed a brace for Town

**Town U18s got back to winning ways in the EFL Youth Alliance North East with a 4-2 victory at Doncaster Rovers on Saturday.**

After a cagey start from both sides, Town keeper Alex Mooney was called into action on 18-minutes making a great reflex save from a shot heading for the top right corner following a well-worked move down the right wing. Apart from that, it was a very evenly contested opening half hour.

On 32-minutes, Finn O'Boyle had Town's first real chance, pressing and robbing the defender of the ball before taking on two players and unleashing a low drive which was blocked for a corner. From the resulting corner, however, Town did take the lead - Jack Bray whipping in a delightful cross which was met by Alfie Lee at the near post to flick the ball past the keeper.

Town doubled their advantage two minutes later when O'Boyle set Bray through 1v1 against the keeper and he calmly slotted it home to make it 2-0.

Doncaster pulled a goal back on 41-minutes when after good work down right hand side, Jaiden Campbell-Ryce placed the ball beyond Mooney's reach.

Town, however, restored their two goal advantage just before half time with Bray grabbing his second with a cheeky dink over the keeper after some intricate passing on the edge of the box sending Town in 3-1 up at the break.

The second half started with both sides battling to dominate possession. On 57-minutes, Town created a good chance from a counter attack through the middle as Ben Tweed released O'Boyle but his shot flew over the crossbar. As the game really started to open up, Town extended their lead on 64-minutes as O'Boyle unleashed a powerful strike into the top corner to finish off a great team goal created by Josh Brodella and Jack Bray. On 67-minutes, Town had a golden opportunity to make it five, as Lewis Smalley was brought down in the box from a corner. Jack Bray stepped up to take the penalty but the keeper pulled off an outstanding save low to his right.

Doncaster went straight up the other end and got a second from a low shot which was well saved by Mooney but

Freddie Allen was on hand to fire the rebound into the roof of the net.

The Town lads then took control of proceedings for the final 20 minutes to see the game out comfortably and get a much-needed win to get their title defence back on track.

SUN 1 OCT | THE WOMEN'S FA CUP  
SECOND ROUND QUALIFYING

**HGT 2**

**MPLY 1**

**A superb game for our Ladies on Sunday, as they took on Morley Town in Second Round Qualifying of the Women's FA Cup.**

Both teams started well, creating opportunities and playing great football through the thirds. 20 minutes in, Morley were awarded a penalty after a handball by Town. This was a golden opportunity for Morley to put themselves in front early, but Sandford came to the rescue and pulled off a superb save to keep the score 0-0.

This close call lit a fire in both teams and they both battled hard to find that opening goal. Until the half time whistle was blown.

At the break Town changed their formation from a 3-4-3 to a 3-5-2 to ensure they weren't overrun in midfield, and subs were made.

Town started the half strongly and played some great one touch football, however the visitors continued to battle. Town were awarded a free kick just outside the

box in the 70th-minute and Megan Long stepped up to strike the ball into the top left corner to put Town in front.

Five minutes later, however, Morley drew level courtesy of a great header from a corner.

It was a strong fight from both teams in the last 20 minutes of the game, with Town keeping the football in Morley's half. In the last five minutes Morley gave away a free kick on the right side of their 18 yard box. Tallulah Freeman took this one for Town and curled a superbly placed shot into the top corner to make it 2-1 to Town.

Town defended well for the last few minutes and kept it 2-1, until the final whistle was blown. A win for Town!

Both teams played well but Town were the strongest throughout and moved themselves onto the next round.

# AFC WIMBLEDON

## INTRODUCING AFC WIMBLEDON

Dons Shoppard/Shutterstock

## IN THE DUGOUT

# JOHNNIE JACKSON

APPOINTED: MAY 2022 AGE: 41

Johnnie Jackson, 41, joined the Dons in May 2022, less than a fortnight after somewhat surprisingly losing his job at Charlton, where he had spent 12 years as a player, assistant and manager and had led the Addicks to comfortable League One safety after taking over from Nigel Adkins.

The 41-year-old had to rebuild the squad last summer after the Dons suffered their first relegation as a phoenix outfit having, astonishingly, failed to win a single one of their final 27 League One matches and so ending a six season stay in the third tier. Last season he guided the Dons to a 21st place finish.

# MEET SOME KEY MEN FOR THE DONS

Dave Shopland/Shutterstock

## RYAN JOHNSON

DEFENDER

Signing in June, the 26-year-old penned a two-year deal with the Dons after leaving Stockport County, a club he helped to promotion into the EFL and a League One play-off final. Born in Birmingham, Ryan started his career in West Brom's youth system, before joining Stevenage in 2014.

In a five-year stint at the Hertfordshire club, Ryan made 13 league first-team appearances and increased his experience significantly with loan spells at Boreham Wood, St Albans, Nuneaton Town and Kidderminster Harriers, who he joined permanently in 2019. His career stepped up significantly with Hartlepool United and Stockport – successive promotions following.

Dave Shopland/Shutterstock

## JAKE REEVES

MIDFIELDER

AFC Wimbledon re-signed Jake Reeves after his contract at Stevenage expired in June. The 30-year-old midfielder, who scored four goals in 50 appearances for Boro in their promotion winning campaign last season, previously had a five-match loan spell with the Dons in 2012 and then featured 123 times between January 2015 and May 2017, scoring four times. Reeves began his career at Brentford and has also had spells at Swindon Town, Bradford City and Notts County. He joined Stevenage in the summer of 2021.

On his return to the Cherry Red Records Stadium, Reeves was named club captain by manager Johnnie Jackson.

## JAMES TILLEY

FORWARD

Another Summer signing, this time from Crawley Town, 25-year-old winger James Tilley is capable of playing in a number of attacking positions and has already scored seven times this season for the Dons.

His football career began in Brighton & Hove Albion's youth academy before going on to make his professional debut in May 2015. He was also loaned to League of Ireland side Cork City for six months in 2019. There was also another temporary spell with Yeovil Town, before he departed the Seagulls for Grimsby Town before moving back south to Crawley. He would go on to make 89 appearances over the course of a three-year spell.

## ALI AL HAMADI

FORWARD

Iraqi international striker, Ali Al Hamadi arrived at Plough Lane in January 2023 from Wycombe Wanderers where he racked up 13 first-team appearances for the Chairboys. Moving to Toxteth in Liverpool following the breakout of the Iraq War, his football career began as he took in academy spells with both Tranmere Rovers and Swansea City.

His form for the latter earned him a pro contract before he was eventually snapped-up by Wycombe following a successful trial period in late 2020. The 21-year-old was then loaned out to Bromley during the 2021/22 campaign.

He is fresh off bagging a hatrick in the Dons 4-1 win over Tranmere on Saturday.
